Section 1 Introduction

J.B. Anderson Land Use Planning is a full-service Land Use and Environmental Planning Firm located in Ripon, California. Established in 1993, J.B. Anderson Land Use Planning has provided Land Use and Environmental Planning services in California for a host of Private Clients, Public Agencies and Municipalities.

J.B. Anderson Land Use Planning's office is located at the following address: 139 S. Stockton Avenue, Ripon, California, 95366. All professional Land Use and Environmental Planning Services are provided from this office.

J.B. Anderson Land Use Planning (JBAP) has provided Land Use and Environmental Planning Services in various jurisdictions within the Central Valley and Sierra Nevada Foothills, including Stanislaus, San Joaquin, Calaveras, Merced, Madera, Tuolumne, and Mariposa Counties. As a value-added component, our Firm offers clients a wide range of Land Use and Environmental Planning Services. We provide short and long-range Land Use Planning and Environmental services on Projects ranging from Public Works Improvements, Conditional Use Permits, to multi-acre Master or Community Plans. Currently, JBAP is providing General Planning Services and staffing to the Cities of Waterford, Oakdale, Lathrop, Hughson, Riverbank, Dos Palos, Mountain House, and the County of Mariposa.

Our Firm supports a highly educated and experienced Staff with proficiency in Land Use Planning, Project Management, and environmental review / compliance in accordance with the California Environmental Quality Act (CEQA) and National Environmental Policy Act (NEPA). Continuity and knowledge are hallmarks of our work toward a positive humanitarian approach to growth and development in each jurisdiction we have the opportunity to provide our expertise in.

- Green House Gas Emissions Evaluation

Project Team outsource capabilities include Architectural, Biological, Cultural, Landscape, Noise and Civil Engineering services.

Section 2 Land Use and Environmental Planning Services

Established in 1993, J.B. Anderson Land Use Planning provides Land Use and Environmental Consulting services for a variety of jurisdictions in the Central Valley and Sierra Nevada Foothills. Our Firm specializes in providing On-Call Planning Services for Public Agencies to manage current and advanced planning projects from Use Permit Applications and Parcel Maps to Annexations. Our Staff is well-versed and experienced in preparing and processing Housing Element Updates, Use Permits, Zoning Ordinances, General Plan Amendments and Updates, CEQA and NEPA compliance documents as well as Specific Plan management and Technical Peer Review. Working in various jurisdictions allows our Staff to stay apprised of local land use issues affecting the region. Acting as an extension of Planning Department Staff, our Firm focuses on a thorough knowledge of California Land Use Planning law and local land use policies to deliver exceptional customer service. Our Firm also provides Private Sector Planning which includes Entitlement Processing, Forward Planning, Improvement and Reimbursement Agreements, Air Quality Permitting, and Expert Witness Testimony.

Private Sector Planning

Entitlement Processing:

Entitlement Processing involves securing essential project entitlements by processing various applications including Annexation, General Plan Amendments, Specific Plans, Rezone, Tentative and Final Subdivision Maps.

Forward Planning:

Forward Planning involves Due Diligence investigations to provide the necessary information to make educated decisions regarding project feasibility. Due Diligence reports may include Budget Analysis Review, Risk Assessment with Entitlements, Permitting by Government Agencies, and Project Mitigation Issues. This process can be time-consuming and difficult to monitor; our Firm can minimize delays and act as the Project Manager handling all aspects of the project.

Improvement and Reimbursement Agreements:

Many times, our clients are aware of the reimbursements owed for master improvements installed, but the local jurisdiction's process for identification and tracking is extremely difficult. Because we are involved with Due Diligence and Entitlement Processing, we can easily identify the Improvement and Reimbursement Agreements process to ensure complete reimbursement for our clients. J. B. Anderson Land Use Planning takes pride in looking at every detail to minimize our clients' efforts in this process. Over the years, we have managed and secured millions of reimbursable dollars for our clients and we look forward to putting our experience to work for you.

Air Quality Permitting:

J.B. Anderson Land Use Planning offers a full range of Air Quality Permitting for projects located within the San Joaquin Valley Air Pollution Control District (SJVAPCD), including Rule 9510, Indirect Source Review-Air Impact Assessments. Our Staff has prepared and processed numerous Permits for a range of Agricultural, Industrial and Residential sites located within the Central Valley, and is well-versed in the SJVAPCD Rules and Regulations regarding industrial equipment and facilities. Our Staff has developed a great working relationship with SJVAPCD Staff which allows us to streamline the ATC and PTO Permit process for our clients.

Expert Witness Testimony:

Over the past forty (40) years, Mr. John B. Anderson has provided expert witness services to a whole host of private and public Clients. The cases have involved right-of-way issues for electrical transmission lines, roadways, and development matters. Information supplied by Mr. Anderson has provided invaluable knowledge to the legal and appraisal team concerning land use restrictions and probable development risks and timeframes. Mr. Anderson has provided Expert Witness Testimony and has qualified in the Counties of Sacramento, San Joaquin, and Stanislaus.

Public Sector Planning

Our Firm currently provides On-Call and On-Site Planning services for the cities of Waterford, Oakdale, Riverbank, Lathrop, Hughson, Mountain House, and the County of Mariposa. Our Staff provides on-site planning Staff to manage day to day planning applications as well as to handle special development projects.

In the City of Riverbank, our Firm managed the entitlements associated with a 380-acre Master Plan and annexation known as Crossroads West Specific Plan. This project involves the westerly expansion of the City of Riverbank to include a twenty-two (22) acre regional sports complex, thirty (30) acres for future schools, 2,852 dwelling units, 550,000 square feet of mixed-use commercial development as well as forty-two (42) acres of parks and open space. Our staff currently works two (2) days per week on-site to assist with Riverbank's current planning matters and customer service.

In the City of Lathrop, our Firm was tasked to manage an Industrial Specific Plan encompassing approximately four (4,000,000) million square feet of new industrial building space as well as the annexation of a new Travel America off Roth Road. Our Staff currently works one (1) days per week on-site to assist with Lathrop's current planning matters and customer service.

In the City of Oakdale, we have been asked to manage two (2) large entitlement projects: the East F Street Corridor Specific Plan including the preparation of an addendum to a certified Environmental Impact Report (EIR); and the Sierra Pointe Specific Plan Annexation and Development Agreement. Both projects will require significant infrastructure investment and will guide commercial and residential growth for many years to come. In addition, our Firm successfully prepared and obtained certification for the City's

2015-2023 Housing Element and we're currently underway with an update to the City's Sign Ordinance. In each of these cases, our clients have asked us to provide these planning services on very complex projects in addition to our role of providing daily planning services with counter permits and land use activities. We currently provide the City of Oakdale with on-site staffing services two (2) days per week to assist with current planning matters and customer service.

In the City of Waterford, we have continued to provide land use planning expertise to the community since our initial contract in 1993. Recently, we have been asked to manage a special grant application with the State Water Resources Control Board to allow for the consolidation of the public water supply systems of Hickman, River Pointe, and Waterford. This project will serve as one of the most significant public works projects in Waterford in decades.

In the City of Mountain House we manage the Planning Division with Special Focus on Master Plan Amendments to evaluate land use challenges. We will also work with the community to establish a General Plan for the community along with a Housing Element. JB Anderson Land Use Planning has (3) three Professional Planners focused on City of Mountain House matters. Our staff currently works four (4) days per week on-site to assist with Riverbank's current planning matters and customer service.

Private Sector Experience

Ceres Gateway, LLC

On behalf of Ceres Gateway, LLC, JBAP has been retained to prepare and process land use entitlement applications with the City of Ceres for the future development of a thirteen (13) acre regional commercial shopping center, including anchor tenants, hotel pads, and restaurant pads. JBAP Staff led an interdisciplinary team to process the land use entitlements and prepare the Project's CEQA compliance documents. The Project is currently under construction.

The Law Office of Thomas Hogan

JBAP Staff researched and verified the City and City Zoning and General Plan designations future land use considerations and any land use restrictions for a forty-nine (49) unit Apartment Complex located in Modesto, CA. JBAP investigated all current entitlements on the property and other potential competing projects which had gained approvals by the City/County or State of California. On behalf of Scenic Village Apartments, LLC, JBAP processed a zone change on the subject property from Low-Density Residential (R-1) to Planned Development (P-D) Zone multi-family residential development on 2.25 acres. JBAP defined special assessments including infrastructure limitations such as public water, sewer or storm drainage that may have adversely affected the reuse of the subject property. The rezone was adopted by the Modesto Planning Commission in August 2019, and approved by the Modesto City Council on September 30, 2019.

Oliver Holdings, LLC

JBAP Staff was retained by Oliver Holdings, LLC., to prepare an Initial Study/Mitigated Negative Declaration (IS/MND) in accordance with the CEQA Guidelines for submittal to the City of San Jose. The project consisted of the demolition of an existing gas station and convenience store, and development of a new hotel with 132 rooms, underground parking, a restaurant, and associated on-site improvements including landscaping. JBAP Staff prepared background research and a thorough environmental evaluation for review by the Client and City Staff, as well as response to public comment letters after the public review period concluded. In addition, JBAP Staff commissioned the preparation of the Project's Shade Study, GHG and Air Quality Analysis, and other technical studies that were utilized as part of the CEQA documentation.

The Linde Group

On behalf of The Linde Group, JBAP Staff prepared a land use application package to Stanislaus County, the Keyes Community Service District (KCSO), and the Stanislaus Local Agency Formation Commission (LAFCo) for the purposes of water service and a project consisting of the development of five (5) liquid CO2 storage tanks, parking area for tanker trailers and car parking, and a 2,500 square foot building. JBAP also prepared an entitlement package for the project, met with KCSO and Stanislaus LAFCo Staff to determine the process and capacity for water service for the proposed project, and obtained copies of the necessary applications for KCSO and Stanislaus LAFCo to prepare the "Will-Serve" and "Annexation Approval." JBAP Staff also represented The Linde Group at the Stanislaus LAFCo hearings and presented Project details.

JKB Living, Inc.

On behalf of JKB Living, Inc., JBAP proposed a General Plan Amendment to a change to the City of Ripon for a ten (10) acre property from Commercial to a mix of high and medium density residential density development with some land area remaining as Commercial. JBAP provided planning expertise associated with developing an entitlement strategy, preparation of City Applications and the processing of Entitlements to support the expansion of the Ripon Garden Apartments to provide Medium Density Housing. JBAP represented JKB and presented the project at Planning Commission and City Council Hearings, as well as prepared and conducted Neighbor meetings to discuss the project's design and options. As a result of JBAP's service, the City of Ripon approved the project and construction is complete.

Griffin Park Owners Association

On behalf of the Griffin Park Owners Association, JBAP successfully prepared and processed a SJVPCD Rule 9510 application pursuant to Air District Application requirements and City of Manteca Policy. The Griffin Park Owners Association project consisted of the construction of 1,221 single-family residential lots on a 301.35-acre site, including landscaping, and park/storm drainage basins. JBAP gathered background documentation to accurately present the Griffin Park project to the Air District and worked with the Air District to ensure all aspects of the project are presented. JBAP Planning managed all communication between the Air District and the Applicant, and we also worked with the ownership group to develop an agreement for the Indirect Source Review fees.

JBAP has been asked by the Developers of the Griffin Park Master Plan area to develop an infrastructure cost sharing and implementation strategy. The main goal of this work is to devise a method to fairly divide the backbone infrastructure obligations amongst the ownership group so that each owner pays an equal share toward the agreed infrastructure items. JBAP's work includes developing and presenting options to be considered by the ownership group to accomplish the stated goal. JBAP will abide to the ownership group's developed lot allocation program to fairly divide the project into respective ownership areas for the purpose of future bulk lot sales or home construction depending on the goals of the individual owners. This project remains ongoing.

The Grupe Company

On behalf of the Grupe Company we continue to provide due diligence expertise in the investigation of new multi-family development projects in the communities of Santa Rosa, Napa, and Davis. Our experience in the development industry and entitlement process in the State of California allows JBAP to play a critical role in the proper evaluation of key development projects. We identify development risks, prepare development fees and Special Assessment budgets as well as evaluate risks associated with mitigation measures and conditions of approval. We work side by side with subject matter experts in all fields to assess permit timing, costs, and potential shortfalls.

Stonecreek Development

On behalf of Stonecreek Properties, we have been asked to manage entitlements associated with the annexation of a 358-acre Area Plan. The Stonecreek North Area Plan would include a new Sutter Health Medical facility, associated medical services and medical offices, expansion of the Merced Junior College as well as an age restricted housing development.
